To whom it may concern:

For the past few semesters the Brotherhood has been positive mentors for the students at Thurgood Marshall Middle school.

The Brotherhood has gone above and beyond general duties. I have utilized the members of Brotherhood in many instances to calm a student(s), discuss appropriate behaviors with a student(s), and many other reasons to ensure that the lesson can be accomplished in a positive learning environment.

The Brotherhood has been successful in many ways such as building positive relationships, being a mentor, and being a role model for the students at Thurgood Marshall Middle School. I have noticed a change in behavior/attitude for many of my students that are members of the Brotherhood.

To discuss the attributes of the Brotherhood in more detail, please do not hesitate to contact me.

Sincerely,

Blake Hancock
