Brotherhood and Leadership Program
Take Charge Juvenile Diversion Program, Inc
7610 Pennsylvania Ave.
Forestville, Md. 20716

To whom it may concern:

This recommendation letter is for the Brotherhood and Leadership Program. The program has worked well with the staff and the students of Charles Middle School. There is a specific need for support outside of the conventional teaching model. These concerns cannot adequately be addressed within the school day. The Brotherhood and Leadership Program has been able to act as both an advocate for the students and another set of eyes for the parent. They are able to mediate a lot of school issues that can arise daily for students that may go unnoticed by staff. The mentors help out a lot at the school and their help is greatly appreciated.

Sincerely,
