Jerrold Mustaf

Director, Brotherhood and Leadership Program

Take Charge Juvenile Diversion Program, Inc

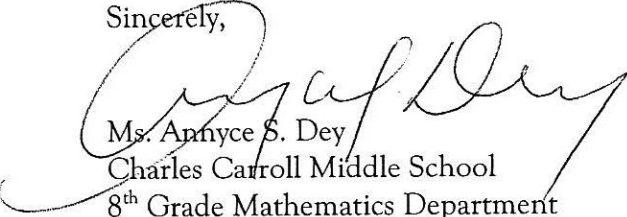

7610 Pennsylvania Ave.

Forestville, Md. 20716

Dear Mr. Mustaf:

It has been an extreme pleasure working with the staff of the Brotherhood and Leadership Program at the Charles Carroll Middle School site. They had been able to assist the staff of the school by adding valuable man power in the school environment, as well as a n added male presence. They have been able to affect changes within the boys that the service as well as some of the female students as well. These mentors have changed the though process in the minds in the students and that has allowed them to become more productive in their school lives. Due to these reasons, I am in full support of the Brotherhood and Leadership Program and would like to see these services expanded to the high school level so that the students can continue to make improvements.

Sincerely,

Ms. Annyce S. Dey
