

JULY 29, 2007

Dear Take Charge Program,

Thank you for having the basketball and Life Skills camp. I enjoyed the camp because they taught us about basketball and how to take charge of your life.

Before I went to camp I didn't want to go to camp because I was not interested in basketball. But I enjoyed the camp because we had lots of activities to do and I had fun.

The guest speakers gave us information that we did not know. They talked about their lives and how they played basketball.

I appreciate the volunteers because they helped set up the camp. My coach, Miss Tarah, helped us win the championship! Thank you.

Sincerely,

Joey
